

Bali Wedding Star

Color Layout, Booklet Two

Size 80" by 92" 6 Ring by 7 Ring

**Note. This note is in reference to Line 22 on Page 17 in the instruction booklet. If you are following the cutting instructions provided for the 6 by 7 ring layout on page 17, you will find the allotted fabric pieces in the cutting instructions for the Template Layout Sheets will only provide you with 96 star points (24 pieces from each color). You need a total of 97 pieces. You will not know which color is used for the last point until after you layout your quilt top.*

Since you will not have any pieces left over from your Template Layout Sheets you can complete the last melon by cutting a 2" by 8" rectangle from your left over fabric. You should have a 2" by 42" strip left over from each of the melon fabrics after cutting the pieces for the Template Layout Sheets.
