

### ***Correction for the Unit KM Cutout Template.***

Please check the Unit KM Cutout Template in your Pattern.

If the Cutout Template for Unit KM reads 5 1/4" then you need to increase the size of your cutout template to 5 1/2" .

This is very easy to do: Add a 1/4" seam allowance along both straight side.

The Cutout Template when it measures 5 1/2" will fit perfectly into the cutout section on the KM Foundation papers. You can also use one of the KM Foundation Papers to cut out the quarter circle for the H- Units.

If you have any questions or concerns please contact [judy@quiltworx.com](mailto:judy@quiltworx.com) and we will mail you a copy of a new template.
