

January 21, 2014

We received this email response from one of CI Judy Wurm's students, in reference to a class she had recently given.

"I just took another Quiltworx class from Judy Wurm - this is my third one. I just wanted you to know that she is just a wonderful instructor. She is always so well prepared for the classes with lots of examples of the patterns - a very patient and knowledgeable instructor. I can't wait until she offers more classes in my area."
