

**A student in a workshop with Certified Instructor, Linda Tellesbo, in Tacoma Washington, took a moment to share with us at [Quiltworx.com](http://Quiltworx.com), her experience with the class she attended. ~ Summer 2013**

Yesterday I was delighted to take the workshop that Linda Tellesbo led at the Pacific West Quilt Show in Tacoma Washington. She did an excellent job of teaching your techniques, Mrs. Niemeyer, and was very patient as we gained confidence piecing our block! I bought two patterns at the end of the class (and wanted to buy more!). I am very excited about increasing my skill set. Thank you for developing such a thoughtful method to teach average quilters to create sensational heirlooms!

Sincerely,

Jane Crum, Textiles and Lavender Custom Quilting, Sole Proprietor.
