

Certified Instructor Lucille Amos recently received an email from a student who took one of her Desert Sky classes ~ Summer 2013

**Hey Lucille -**

**Thanks for introducing me to the Judy Niemeyer method of paper piecing.**

**I am thoroughly enjoying working on this Desert Sky. I have already finished twenty four of them!**

**Jan and I are planning on coming to the Myrtle Beach Party in January. Looking forward to that.**

**I'll send a pic when I get the top together. It's been fun!**

**Thanks again...that this is so much easier than I expected is a tribute to not only Judy's patterns and techniques, but also to your guidance!**

**Anita**
