

Students in a class with Certified Instructor, Jackie Kunkel, located in Arizona at the 35<sup>th</sup> Ave Sew and Vac, took some time to complete surveys on the My Two Baby Sisters class she taught recently ~ Summer 2013

When asked: *Is there something special that the certified instructor did that you believe goes above and beyond what you expected from the workshop that you would like to point out or commend them for?*

“She was just very patient with some of the slower people – which was amazing!”

“Friendly and easy to understand.”

“She is just darn near perfect.”

“She took pictures and oohed and aahed over my work. I love that.”

“Judy, I attended your workshop in Tucson this year, I just want to say that I loved your class and that Jackie is giving you a run for your money.”

“Great teacher would love to take classes from her again.”

“Amazing!”

“Jackie was extremely helpful and positive.”

“Jackie demonstrated cutting stacks of fabric; this was the best thing ever!!!”

“Learning about the glue stick was a great way to piece, rather than using pins.”

“Jackie made everyone feel they were important.”

“Wonderful!!”

“I had a great time!”
