“Sue did a great job and I enjoyed the class. She brought extra of all the tools we needed that were not on the supply list (tape, glue pens etc). She was also aware of the size of the class and

she had extra help and Vaughn was a great help and very well versed in the class projects. I would take a class from Sue again for sure!!”

“She was very informative, helpful, knowledgeable, and pleasant. That goes for her assistants also. Great class!”

“She always stuck to basic technique, but explained in different ways how to do it so you could understand it. Individual attention really helped. I will never do regular paper piecing again. I really liked the results I obtained from the techniques I learned. I look forward to taking additional classes.”

“Everything was outstanding! Sue did more than one demo and did them as often as needed. Her helpers were great too. I can’t wait to take another class with her!!”

“Sue and her assistants were fabulous! The personal attention was wonderful. Sue was very helpful in answering questions about how to complete the J. Niemeyer project using Cotton Theory techniques. I especially appreciated Vaughn’s help and knowledge and hope she will assist in future classes I may attend at the Quilt Foundry in Maumee, OH which is fairly close to my home in Monroe, MI.”

“Sue is an excellent instructor! She covered every new step and assured us she was ready to do it again if needed. She had every step with samples. I felt very confident with her instruction and her assistants. Vaughn was so very helpful throughout the two days. We were so amazed that she and Betty were so busy and then acted like they weren’t even tired. This was an amazing and successful experience. I can’t wait to take another class from Sue.”
