

January 21, 2014

CI Lisa McCarthy received an email from a student in regards to a Mariner's Compass class she taught at Compass Point Quilts in East Kingston, New Hampshire.

“Good morning Lisa, thank you for the follow up instructions, for those of us that cannot remember their names at certain moments during the day. Also, just wanted to let you know that I find you to be an extremely good teacher that is always well prepared, patient, and so very willing to repeat, repeat, repeat, and remember this is coming from (almost) a professional student, I have taken classes from over 60 quilt teachers, you're up there in the top 5 lady, thank you.

See you on the 31st.”
